Niagara Therapeutic Furniture and Equipment

**Randall Vines recommends** 

"I turn to the equipment that serves me best, my Niagara Therapy equipment. I find by using Niagara before golf **it helps me relax all my muscles**. Niagara will not guarantee great results from a **difficult** golf situation. However **I can say that it will add to the quality of your life** and in turn, should help you reduce your golf score. For all you senior golfers, do yourself a favour...contact a Niagara consultant sooner rather than later. You have to feel it to believe it"
